

# MISSION ADVENTURES

OUTREACHES  
FOR GROUPS

Mission Adventures is an amazing short-term outreach experience for your group. You and your team can make a difference in the world by going on an outreach. You'll have the chance to see God change the lives of those you minister to, and you'll see God change your lives as well. We have multiple outreach locations to choose from and the expertise to make your trip a success!

## **Mission Adventures Means *First Class Service***

Customer service is the key here. We endeavor to do everything we can to facilitate your youth group's outreach. We take care of the food, housing, training, and ministry set up - all the little details required for a mission trip. This frees the youth ministers up to do what they're called to do - minister to their kids! We do the work so they can to the ministry.

## **Mission Adventures Means *Training***

Experienced YWAM staff will train you and your team to effectively present the Gospel message across cultures. This is more than camp. This is missionary training.

## **Mission Adventures Means *Growth***

There's nothing quite like a short-term outreach with Mission Adventures to help your kids grow in their faith. As they hear God's Word and do what it says, they stretch beyond their natural ability.
